FOR IMMEDIATE RELEASE

MINDTECK SHOWCASES EGOVERNMENT SOLUTION AT MUNICIPALIKA 2015 IN JAIPUR

International Conference on Sustainable Habitat and Smart Cities

Bengaluru, India – December 18, 2015: Mindteck (India) Limited (BSE: MINDTECK), a global technology company, was among the select group of companies invited to participate in the *13th International Conference on Sustainable Habitat and Smart Cities* held in Jaipur. The international event, supported by the Government of India and the Government of Rajasthan, is one of its kind in India focused on sustainable built environment and good urban governance. The conference was well-attended by mayors, municipal commissioners, senior urban development officials from the Central and State Governments, urban local bodies from all over India, environment professionals, and planners.

Dr. KV Krishnan, Mindteck's Vice President-IT Services, showcased the company's eGovernment capabilities and highlighted its engagement—in tandem with two other consortium partners—with a state government. The e-Nagarpalika implementation will provide the urban development department with powerful data analytical capabilities for organized information management and enhanced citizen participation. "Advancement in ICT-based technologies have necessitated the need for quick accessibility to public services. Our solution has already been selected by one of the state governments in India, and we hope to join other eGovernment initiatives." commented Yusuf Lanewala, Mindteck Chairman and Managing Director.

About Mindteck (India) Limited

Mindteck, a global technology company, provides Product Engineering solutions and Information Technology services to top-tier Fortune 100 companies, start-ups, leading universities and government entities worldwide. Its depth of knowledge and niche expertise in embedded systems and enterprise applications is complemented by dedicated Centers of Excellence in wireless design and storage testing. Mindteck has offices in the US, UK, Singapore, Malaysia, Netherlands, Germany, Bahrain and India, and four development centers: one each in the US and Singapore, and two in India (Kolkata and Bangalore). The company is listed on the Bombay Stock Exchange (BSE 517344) and is among a select group of global companies appraised at Maturity Level 5, Version 1.3 of the CMMI Institute's Capability Maturity Model Integration (CMMI). It is also a Founding Member of '[The Atlas online](#)' – an interactive tool that provides visualizations of growth opportunities for over one hundred countries worldwide – for the Center for International Development (CID) at Harvard University.
