FOR IMMEDIATE RELEASE

MINDTECK APPRAISED AT CMMI-DEV LEVEL 5 VER 1.3 **Organization performing and benchmarking at an “optimizing” level**

November 22, 2013, Bangalore & Kolkata —Mindteck (India) Ltd today announced that it has been appraised at Maturity Level 5 Ver 1.3 of the CMMI Institute’s Capability Maturity Model Integration (CMMI). The appraisal was led by Certified SCAMPI High Maturity Lead Appraiser from Coach Tech Management Company, Taiwan.

CMMI is a process improvement approach that provides organizations with the essential elements of effective processes that ultimately improve their performance.

A SCAMPI Class A appraisal at maturity level 5 indicates that the organization is performing and is benchmarked at an “optimizing” level. At this level, an organization continually improves its processes based on a quantitative understanding of its business objectives and performance needs. The organization uses a quantitative approach to understand the variation inherent in the process and the causes of process outcomes.

In acknowledging the achievement, Mr. Yusuf Lanewala, Chairman and Managing Director of Mindteck, said, “Our core value is Excellence. We have always believed in relentless customer focus and exceeding expectations, to achieve sustainable, predictable and profitable growth. This reinforces our position as an organization that delivers exceptional value to all our stakeholders.”

About Mindteck (India) Limited

Mindteck, a global technology company, has served medical device manufacturers, top-tier semiconductor companies, analytical/scientific powerhouses, equipment OEMs, public sector entities, and service companies in the Global 2000 for over 22 years. The company’s depth of knowledge and niche expertise in product engineering is complemented by dedicated Centers of Excellence in Wireless Design and Storage Testing. Presently, the company employs over 1,000 individuals throughout offices in the US and UK, Singapore, Malaysia, Bahrain and India. It also has four development centers (US, Singapore and India (Kolkata, Bangalore). The company is listed on the Bombay Stock Exchange (BSE 517344). www.mindteck.com

About CMMI Institute (Powered by Carnegie Mellon)

CMMI is the result of more than 20 years of ongoing work at Carnegie Mellon University by members of industry, government, and the Software Engineering Institute. Powered by Carnegie Mellon, the CMMI Institute is working to build upon CMMI’s success, advance the state of the practice, accelerate the development and adoption of best practices and provide solutions to the emerging needs of businesses around the world.
